

Section III:

**AMENDMENT UNDER 37 CFR §1.121 to the
DRAWINGS**

No amendments or changes to the Drawings are proposed.

Section IV:**AMENDMENT UNDER 37 CFR §1.121****REMARKS****Request for Correction of the Notice of Allowability**

In the Notice of Allowability (Form PTOL-37), the first paragraph states "[a]ll claims being allowable, . . . ", but in item (2.), only claims 13 and 15 - 28 are listed as being allowed. Please note that in the Applicant's amendment filed on February 13, 2009, Claims 29 - 31 were added, which were directed to computer readable memory embodiments analogous to the allowed system and method claims.

Applicant believes that these claims were intended to be allowed, as they define similar scope as the other allowed claims. Applicant respectfully requests revision of the Notice of Allowability to show that claims 13 and 15 - 31 are allowed. Should the Examiner need to confer with Applicant's representative, Patent Agent Robert Frantz may be reached at 405-812-5613.

Nature of the Amendment

We gratefully acknowledge receipt of the Notice of Allowance in this patent application. This paper presents amendments under 37 C.F.R. §1.312 in order to conform the Title, Abstract and the Summary of the Invention to the claims allowed in this application, and exchanges "said" for "the" to allow for greater clarity of reading of the claims.

According to MPEP §714.16, the examiner:

"has authority to enter amendments submitted after Notice of Allowance of an application which embody merely the correction of formal matters in the specification or drawing, or formal matters in a claim without changing the scope thereof, or the cancellation of claims from the application, without forwarding to the supervisory patent examiner for approval."

Because the amendments presented in this paper include only changes of formal matters in the specification, we believe the examiner is authorized under MPEP § 714.16 to make the amendments presented herein. No new matter is added by these amendments, and no

amendments to the claims are presented.

We respectfully request that these amendments be entered in accordance with 37 C.F.R. §1.312 under the Examiner's authority as specified in MPEP § 714.16. The Commissioner is hereby authorized to charge or credit Deposit Account No. 09-0447 for any fees required or overpaid.

Respectfully,

/ Robert H. Frantz /
